

April 9, 1986

LB 600A

Mr. Clerk.

CLERK: 26 ayes, 5 nays, Mr. President, to cease debate.

PRESIDENT: The motion carries. The debate is closed. The motion to advance the bill is by Senator Hoagland, I guess. Senator Wesely, do you want to take it for him or what?

SENATOR WESELY: No, it's Ernie.

PRESIDENT: Okay, Senator Chambers, I will let you make the closing.

SENATOR CHAMBERS: Senator Haberman said he just got word that Nevada repealed their speed limit and went to 70. So there are states doing things that they have been told they couldn't do. I forget which state it was but it was a western state, it may have been Wyoming, that they give...they gave at first what they called an "energy" ticket. If you are exceeding the speed limit, it is not a traffic violation but an excessive use of energy in the old days so you could go up to 70 miles an hour and you get a \$5 energy ticket. They lost no federal funds. But remember this, with all of the talk of loss of federal funds, even Senator Warner acknowledged that Nebraska, in passing this law, would not be out of compliance until September of 1987 so that nullifies all of the arguments they gave and they have no fallback. I am asking that you advance the bill.

PRESIDENT: Motion is to advance the bill from Select File to Enrollment and Review for engrossing. All those in favor vote aye, opposed vote no. We are voting on the advancement of LB...the final advancement of 600A. Please record your vote. The Chair will allow 20 seconds for recording of your vote. Please record your vote aye or nay. Ten seconds left to record your vote aye or nay on the advancement of the bill. Please record your vote aye or nay on the advancement of 600A. Time. Senator Chambers.

SENATOR CHAMBERS: I will ask for a call of the house.

PRESIDENT: A call of the house has been requested. The question is, shall the house come under call? All those in favor vote aye, opposed vote no. Record the vote.

CLERK: 12 ayes, 2 nays to go under call, Mr. President.
